

Desk Screen

YSA-OT21

Features and benefits

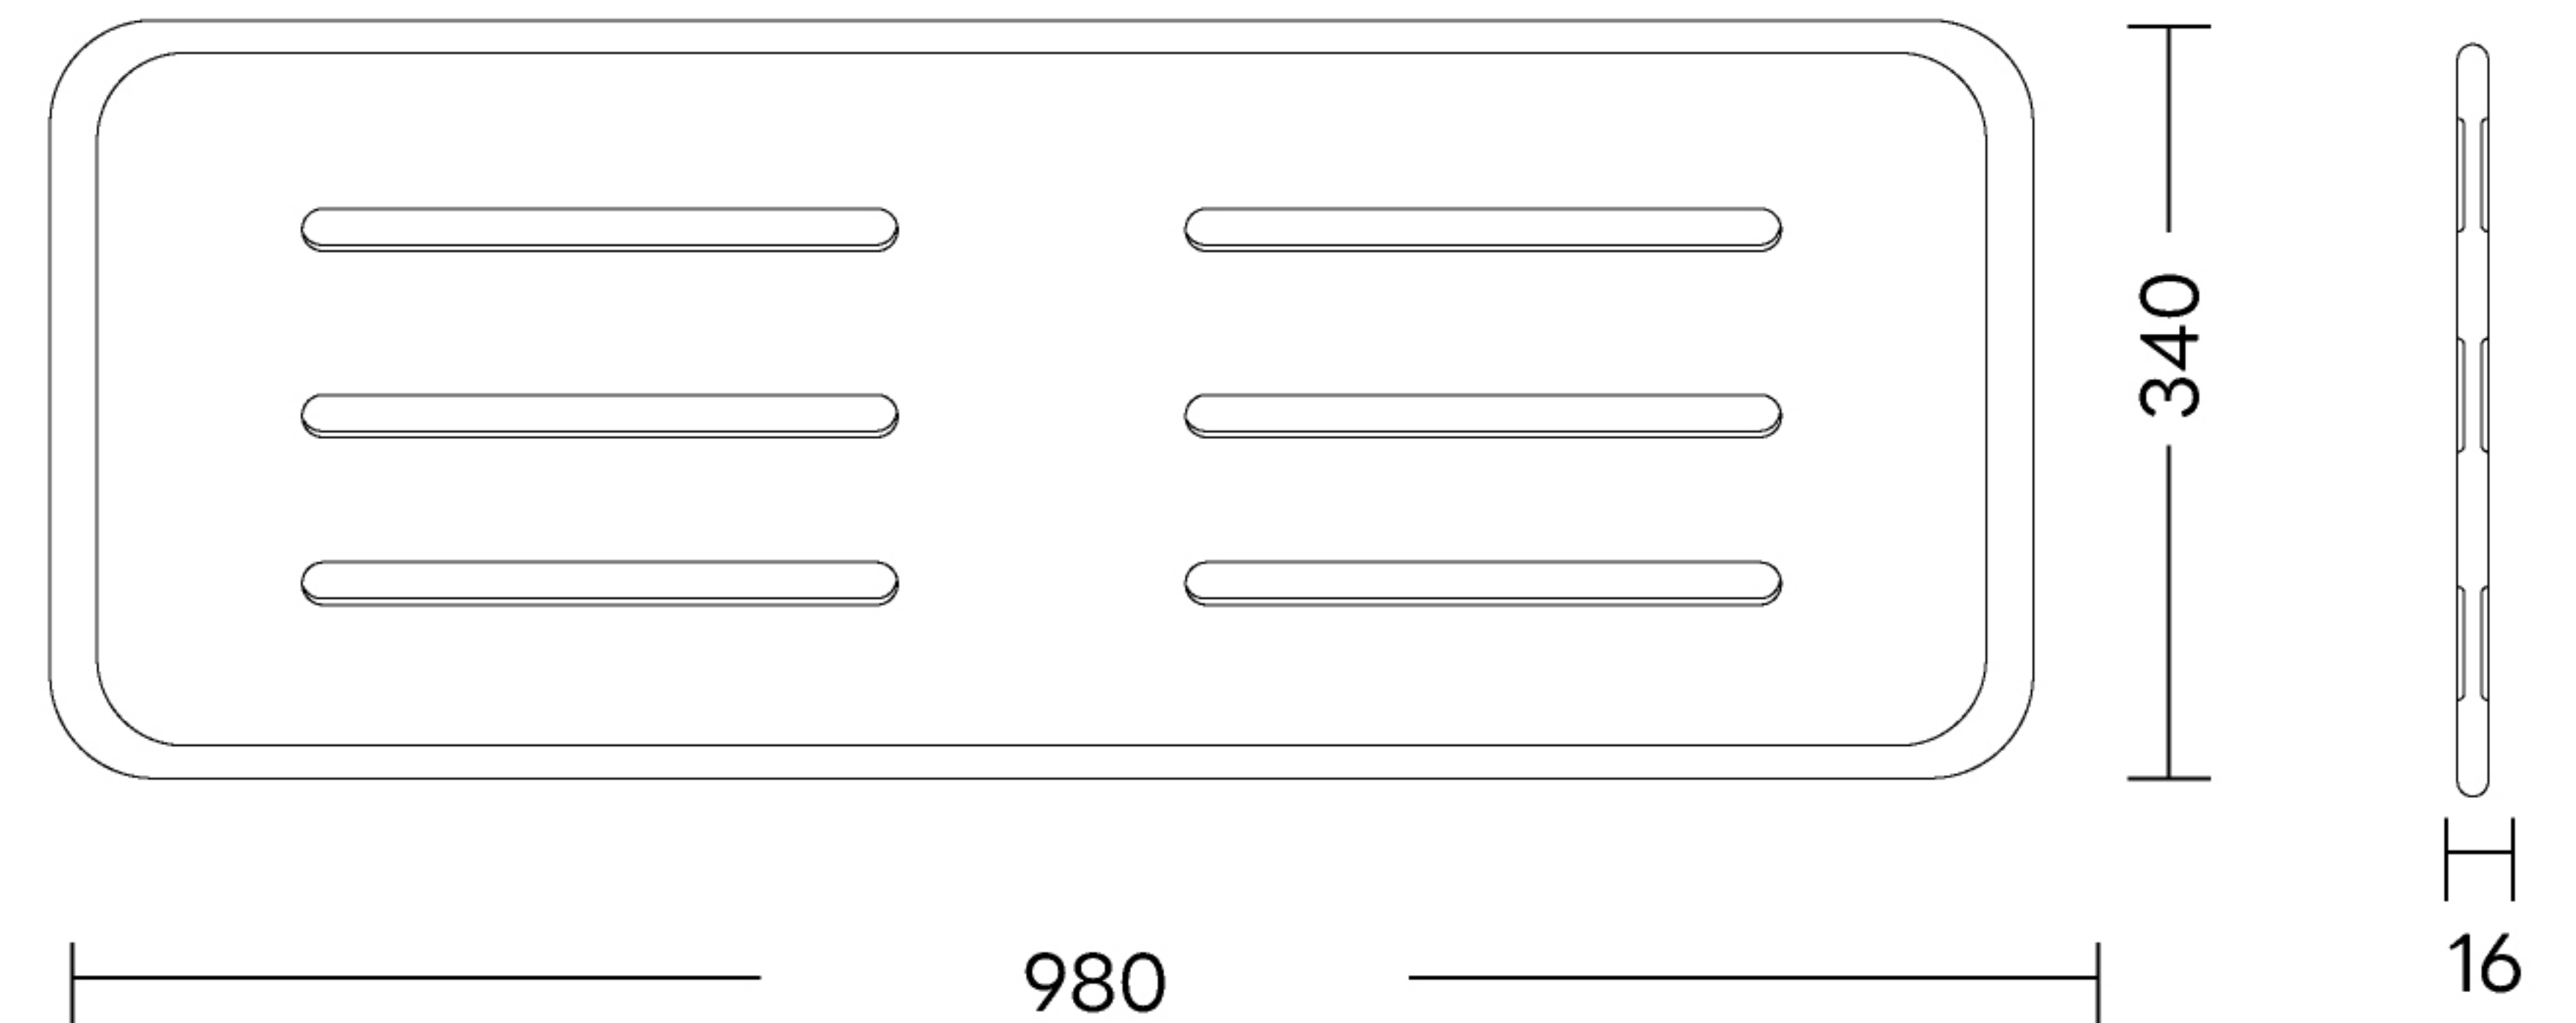

- Easy to clean
- Customisable
- UV resistant qualities
- Easy fixed surface for pin
- Easy to install and move
- Low VOC-beneficial for IEQ
- Easy to install and move
- High recycled polyester content
- Delivers excellent acoustic performance
- Solid colour and smooth finish, no capping
- Highly durable, assuring long-term stability and performance
- Made from compressed 100% polyester felt and does not contain formaldehyde, crystalline silica, or other carcinogens

Applications

- Educational
- Commercial interiors
- Office Space

YSA-OT23
